

Problem

The unit of current is:

- (a) coulomb
- (b) ampere
- (c) volt
- (d) joule

Step-by-step solution

Step 1 of 3

Coulomb is the unit of the charge.

Volt is the unit of the voltage.

Joule is the unit of energy.

Step 2 of 3

Therefore, option (a), option (c) and option (d) are incorrect.

Step 3 of 3

Ampere is the unit of the current.

Hence, option (b) is the correct answer.
